

## MCS 210 - Writing Assignment 2

1. Read through “A Framework for Ethical Decision Making” from the Markkula Center for Applied Ethics at Santa Clara University, available [here](#).
2. Select one of the following case studies from the following links, read and study it.
  - a. [Technology Ethics Cases](#)
  - b. [Internet Ethics Cases](#)
3. In between 200-300 words summarize and analyze the case using “A Framework for Ethical Decision Making”.
4. Create an Overleaf project named MCS2210\_WA2
5. When you have finished writing your response, submit your work for peer review by sharing your Overleaf project for this assignment with your reviewer. The name of your reviewer is posted in Moodle with this assignment.
6. Your reviewer will read your response and add feedback by adding comments to your Overleaf project. You will also do this for another student.
7. After you have finished giving and receiving feedback, edit your project based on the feedback provided. If there is feedback that you do not agree with, you do not need to make the suggested changes, but you should explain why by adding your own comments. As to why you did not make a suggested change.
8. When you have finished writing your revised response, download your project from Overleaf as a .zip file and submit via Moodle.
